9. A brief write up (about the programme) :

On 17-09-2021, Moridhal College hosted an ICT Academy SkyCampus Power Seminar on "Employability Skills for Future" among the students through virtual mode. Dr. Lekhan Gogoi, ICT Academy Coordinator, Moridhal College explained about the objectives of the seminar and introduced the key speakers. **Dr. Kamal Gogoi**, Principal, Moridhal College welcoming all the participants emphasised that students should make themselves as employable graduates instead of becoming an educated unemployed with just the degree or certificate. **Mr. Narandra Kumar N**, Senior Manager- Academic Operations, ICT Academy addressing in the inaugural session justified the need of the short term training programmes, seminars and workshops for developing employability skill and urged that students should always remain alert and make themselves continuously updated with the latest skills required for various work places.

The first technical session was deliberated by **Anuj Tripathi** of Enterprise Business Development, Affle (India) Limited, Gurugram. Mr. Tripathi deliberated on the job avenues emerging in the 21st century and highlighted the knowledge and skills required for various jobs. **Mr. Ashish Gakrey**, the Founder of HR Shapers, Mumbai deliberated the second technical session on affective and managerial skills sought by the employers which are felt needs at the helm of COVID 19 pandemic situation in most of the work places. The third technical session was deliberated by Ms. Anjani Kumar Sinha, CEO- AdCanyon, Noida on ICT skills and general employability skills required for today's job market and she pointed out that students of the present era should try to make themselves fit with all the employability skills so that they would become saleable in the world of job markets. At length, the ICT Academy Coordinator of the college offered vote of thanks to one and all the participants present in the power seminar.
